8th August 2016

Re: Angus Energy Limited – Proposed New Well, Brockham Oil Exploration Site, Feltons Farm, Old School Lane, Brockham, Surrey, RH3 7AU.

Dear Sir,

I refer to the above well site and a planning consent regulating development issued to Midmar Energy Offshore ref: MO08/0894 by your County Council on 1st September 2008.

Initial site development was commenced in accordance with the terms of the planning permission and an initial well was drilled during the last quarter of 2008.

It is the intention of the new site owner and operator (Angus Energy Limited) to undertake additional drilling operations at the site which will comprise of the partial abandonment of the existing wellbore and then to “side track” and drill a new well, under the provisions of the existing planning consent. In this regard, I would be most grateful if you could kindly confirm what details you may require for the work to commence under the provisions of the extant consent.

Please let me know if you need any further information or if you would like me to arrange a suitable meeting date to discuss our proposals for the site.

I look forward to hearing from you shortly.

Yours faithfully,

Jonathan Tidswell-Pretorius
For and on behalf of Angus Energy Limited.
